

# IMC Detective

## Management of confidential and sensitive investigations

### Seamless Integration & Migration

- Easily migrate information from IMC Detective to IMC Law RMS
- Link all or parts of an Investigation to IMC Law RMS
- Information from IMC Law RMS can be investigated in IMC Detective 'off the books' and brought back into the original IMC Law RMS case when appropriate
- Create Investigation from Incidents, Arrests or Warrants
- Field-based (Mobile) Reporting works and looks the same as in-station to eliminate the need for retraining

### Separate Security

- Separate Security Management and Log-In than IMC Law RMS
- Information in IMC Detective is invisible to users of IMC Law RMS
- Master Name Information in IMC Law RMS can still be viewed by users of IMC Detective via the Detective module

### Investigations

- Narcotics Investigations
- High Profile Investigations
- Citizen Complaint Investigations
- Gang Investigations
- Organized Crime Investigations
- Confidential Informant Database
- Narratives including user-definable Templates such as 'Witness Statement'
- Case Images supported

### Confidential Informants

- CI information kept completely separate from IMC Law RMS Master Names database
- CI information can be linked to active investigations, multiple incidents, arrests, or warrants
- CI information can be shared with the Detective Bureau or marked as Private
- Attendance links to Dispatch and Records for seamless backfilling into Payroll

### Internal Affairs

- Personnel Complaints
- High Profile Cases
- Completely separate Internal Affairs Security
- Internal Affairs cases kept private and held in a separate database
- Analysis Reports for 'Injuries Reported During Arrest'
- Analysis Reports for Arrestee by Age, Sex, and Race

### Case Management

- Track and manage case flow (Assignment, Review, Follow-up)
- Provide Case Status and Case Load with an automatic Case Inbox pop-up at login
