

# Paper Tickets Are a Real Pain.

Yet if you're like many agencies, your officers have a stack of ticket books and paper forms in their patrol cars. A traffic stop takes them off the street for too long. Everyone's frustrated by the length of time it takes to get your citations accurately entered into the system at the end of the day. Your system is holding you back.

## Extend Your Citations.

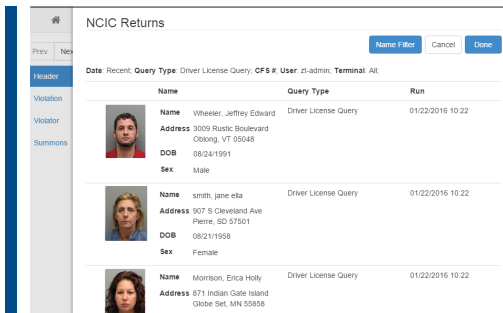

Whether you have a hundred patrol units or just one officer out in the field, you need a way to manage citations. **Zuercher eCitations** allows you to cut out the paper. Issue and print citations from your tablet or laptop and then upload everything directly to your Zuercher software. The records become part of your integrated system.

## Your Tickets: Your Way.

You don't have to change your forms or tickets to use **Zuercher eCitations**. We'll create the customized forms you already use and need. Or templates with default fields that prefill with required information.

## Speed It Up.

Quick access buttons let you fill in offense fields with a single click. Use a scanner to capture driver's license and registration information, run NCIC, or pull in name and vehicle data from your Zuercher software,

Name	Query Type	Run
 Wheeler, Jeffrey Edward Address 3009 Rustic Boulevard Ookong, VT 05048 DOB 08/24/1991 Sex Male	Driver License Query	01/22/2016 10:22
